

Checking Semester 1 and Semester 2 Courses for Same Teacher in Core Classes - Middle School

Search the CC table for TermID greater than the full year ID and less than the Quarter 1 ID. Check to search only records belonging to the middle school that you are searching. This will give you a listing of semester classes for the current school.

Direct Database Export (DDE)

Current Table: CC (4)

Export Records Match Selection Table View Setup

Search CC

TermID > 2000
TermID < 2003

Search only in records belonging to Flynn Middle School

Select all 397798 records in this table

Select Export Records

Export Records

Export the 6605 selected records (Table: CC)

StudentID
[1]lastfirst
ID
Course_Number
[2]Course_Name
Section_Number
[5]lastfirst

Field Delimiter: Tab
Record Delimiter: CR

Surround fields Column titles on 1st row

Optional: Sort Field Name Direction

Submit

Put in the following fields to be exported:

StudentID
[1]lastfirst
ID
Course_Number
[2]Course_Name
Section_Number
[5]lastfirst
termid
Expression

Once the export is completed, open the file in Excel and sort by Student Name, Course Name, and TermID.

This will give you a way to quickly look at students schedules to make sure that they have the same teacher for core courses in both Semester 1 and Semester 2.
