

Editing Terms in Engine Reports

Class Size-Gender, Class Size by Teacher, Enhanced Birthday List, etc.

Several of the Engine Reports need to have terms added each year. Below is an example of how to add/edit the terms. The steps are similar for each report.

- System Reports > Engine tab > Class Size by Teacher
- Drop down under the term to report to see if your current terms are available.
- If the correct terms are not there, please follow the steps below:
- To edit "Class Size-Teacher" report to include current or future terms:
 1. System Reports
 2. Engine tab
 3. Setup
 4. Select "User Vars" in the Class Size-Teacher line
 5. Select TermID

The Default Value for the 12-13 year is 2200 - for the 13-14 year will be 2300
