

## Grading for Standards Only - Final Standards Grades

This school does not use regular Final Grades (A, A-, B+, B, or O+, NI, S+, NI etc) but only gives Standards Final Grades (1, 2, 3, 4).

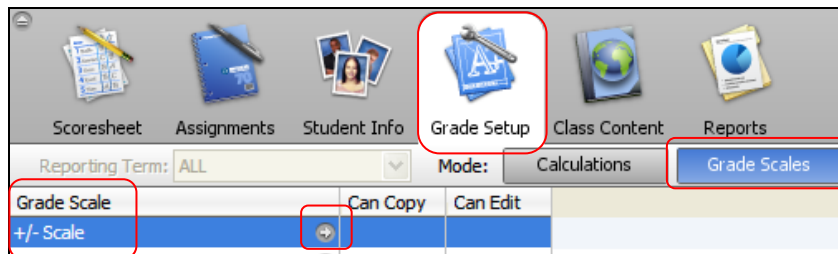

This student has 4 assignments with the **Grammar and Mechanics** standard selected in each assignment. The teacher has only checked that the work was handed in and has hand graded the Standards for each assignment.

On the Assignments tab below, open up the assignment to reveal the Standards that the teacher has assigned and graded.

Reporting Term	Mode	Assignment	Standard	Grade
ALL	Assignments	Homework 9	Grammar and Mechanics	4
ALL	Assignments	Test 2	Grammar and Mechanics	3
ALL	Assignments	Weekly tests	Grammar and Mechanics	3
ALL	Assignments	Homework 13	Grammar and Mechanics	2

This student has Standards Grades of 4, 3, 3, 2 for Grammar and Mechanics. To average these you will need to assign the Percent from the Standards Grade Scale.

To find the Standards Grade Scale select Grade Setup then select Grade Scales. Select your Standards Grade Scale (this one is called +/- Scale) and click on the arrow to reveal the Grade Scale.

Once you select the arrow, the Grade Scale will open as you see below.

Grade	Cutoff	Percent	Description	Ignore
4	100.0	100.0	Outstanding - Consistently exhibits s...	
3	75.0	75.0	Very Good - Exhibits skills most of th...	
2	50.0	50.0	Making Progress - Experiencing Diffic...
