

Helpful Tips about PowerSchool

- Once you have created your new PowerSchool ID, use <https://classroom.powerschool.com/> every time you need to login.
- The online PowerSchool Parent Portal will be replaced to allow you to access the resources available through the PowerSchool Unified Classroom. <https://classroom.powerschool.com/>
- The PowerSchool App will remain unchanged. You can continue to use the username and password as before and you will be able to find the same information. The PowerSchool App is still available in the iTunes Store or Google Play.
- Please keep in mind that after you set up the Unified Classroom, you will have two separate sets of login credentials to remember.
 - One login for the PowerSchool App – the Traditional Parent Portal Account login.
 - One login for the online Unified Classroom.
- If you encounter an issue, please clear your browser's cache. For the three major browsers on Windows machines (Chrome, Internet Explorer and Firefox), press and hold *Ctrl, Shift, and Delete* to navigate to the screen to clear your cache.
- PowerSchool ID passwords do not expire.
- If you require an Access ID and Access password for your child, or if you experience login or password issues, please contact your student's school.
