

## Incident ID in Log Entry Disappearing

One school could generate Incident ID for discipline log entry but when they selected Save, it disappeared. They couldn't get Incident ID to stick. They found that by changing the Custom to Hide it corrected the problem. 2-12

The screenshot shows the 'Log Entry Setup' page in a Windows Internet Explorer browser. The page contains a table with the following fields and configurations:

Field Name	Field Label	Description	Value
Discipline_ActionDate	Action Date (MM/DD/YYYY)	The date when action was taken	35
Discipline_ActionTaken	Action Taken	A summary of the action that was taken	36
Discipline_ActionTakenDetail	Action Taken Detail	A detailed description of the action that was taken	37
Discipline_ActionTakenEndDate	Action Taken End Date (MM/DD/YYYY)	The date when the Action Taken ended	38
Discipline_DurationAssigned	Duration (Assigned)	The assigned duration of the action that was taken	39
Discipline_DurationActual	Duration (Actual)	The actual duration of the action that was taken	40
Discipline_DurationChangeSource	Duration Change Source	The source for the duration change	41
Discipline_DurationNotes	Duration Notes	A detailed description of the duration of the action that was taken	42
Discipline_Sequence	Sequence	The sequence number for the Log entry	43
Custom	Custom	A custom field	(Hide)

A 'Submit' button is located at the bottom right of the table.
