Teacher's Schedule
Reconciliation Application**

The REP Comparison to PowerSchool Teacher's Schedule Reconciliation Application

This application will assist Human Resource personnel in ensuring that the REP assignment codes for teachers match the teacher's schedule in the PowerSchool Student Information System (SIS).

The teachers' names that are shown in the selection boxes within this application are currently in the district's REP submission with an assignment code of 000AA to 000ZZ; except for assignment codes: 000NT, 000ND, 000ZW, 000ZG and 000ZZ.

Assignment codes not included in the reconciliation application are: 000NT (Guidance and Counseling), 000ND (Library Media), 000ZW (Facilitator of Instruction), 000ZG (General EL K-5 all, K-8 self-contained), 000ZZ (Alternative Education).

In PowerSchool each course is assigned a state course code (SCED Code) that is made up of the Subject Area Code and Course Identifier. See below – from PowerSchool:

Michigan State Information	
Exclude from Teacher Student Data Link	☐
Subject Area Code	(02) Mathematics (Secondary) ▼
Course Identifier Code	(056) Algebra II ▼
MSIX Course Section ID	
Course Type	(01) Regular (Default) ▼
Eligible 64b Course:	
Virtual Method	
College Credit (potential):	

In the example above, the state course code, entered into PowerSchool by district staff: 02056 is the SCED code for Algebra 2.

The CEPI website provides a cross reference file that lists the valid REP assignment code for a given PowerSchool state course code. See CEPI REP Crosswalk spreadsheet below:

NCES* Secondary SCED** Subject Code	NCES SCED Subject Areas (Description)	SCED Subject Code and Course Code	SCED Course Titles	REP Assign Code	REP Assignment Description	MDE Certification/ Endorsement Code
02	Mathematics	02055	Transition Algebra	000EX	Mathematics	EX
02	Mathematics	02056	Algebra II	000EX	Mathematics	EX
02	Mathematics	02057	Algebra III	000EX	Mathematics	EX

This example shows that for a teacher that teaches state course code 02056 with endorsement of EX, they should have REP assignment code 000EX.

The application is web based and the URL is: <https://apps.misd.net/PSREReporting/index.html>

Recommended browsers are Chrome and Firefox.

The application will allow the user to look-up and view teacher information in REP and PowerSchool, plus show the PowerSchool course code and REP assignment code cross reference information.

To use the REP Comparison application you need a Core Business System login and Personnel access:

We are the Macomb Intermediate School District. We exist to provide our clients quality service, high caliber support and cutting edge leadership.

Our primary clients are the 21 school districts of Macomb County. They are our most important customers – indeed, our reason for being.

Within these districts we focus our efforts on school staff. We work to increase their skills and capabilities so their students can experience more effective educational programs.

We also serve students with disabilities. In fact, we are committed to working directly with youngsters with disabilities who reside in Macomb County's school districts.

And we are involved with the educational community across the country. Many of our staff members are deeply involved in state and national programs. Many are working with colleges and universities. Still others are exchanging information with their professional colleagues. All these activities have a single purpose: to identify and develop techniques and programs which improve learning opportunities in Macomb County.

This is the professional focus which makes the Macomb Intermediate School District one of America's premier regional education agencies.
